

## Teva-Teriparatide Patient Care Program<sup>SM</sup> Patient Information

### Teva-Teriparatide Patient Care Program - Important Information You Should Know

You have been prescribed Teva-Teriparatide, a medication used to treat adult patients with osteoporosis at high risk for fracture. We are pleased to inform you that you are eligible to take advantage of the benefits of the Teva-Teriparatide Patient Care Program.

After you are enrolled in this program, a case manager will help you navigate insurance and reimbursement for Teva-Teriparatide, coordinate training on how to perform the self-injection the product and be available to answer any questions that you may have.

### How do I enroll in the program?

Either your physician or pharmacist will complete the enrollment form and submit it to the Teva-Teriparatide Patient Care Program. You also have the option of enrolling yourself by calling 1-877-445-6984 8am-8pm EST. They will require your name, date of birth, address, phone, email and private insurance coverage information.

Within one business day of receiving your enrollment form, a case manager from the Teva-Teriparatide Patient Care Program will reach out to you with a welcome call to:

- Confirm information already provided
- Discuss insurance information and reimbursement navigation (what's covered, etc.)
- Confirm your pharmacy of choice
- Identify the clinic location for dose of Teva-Teriparatide
- Coordinate injection training of the product

### What type of financial support is there?

A case manager will help determine the insurance coverage and reimbursement options for your Teva-Teriparatide prescription. They will:

- Ask for any outstanding information about private insurance/coverage information
- Contact insurance company(s) to collect coverage details
- Review coverage details with you
- Explain the co-pay card
- Discuss out-of-pocket expenses and any concerns you may have

### What is injection training?

Teva-Teriparatide is a once a day injection. For new and existing patients injection training is provided to ensure the product is being self-administered effectively.

### **How do I set up injection training appointment?**

A case manager will coordinate the injection training appointment. The injection training will be provided through a registered nurse either in home, at qualified pharmacies or virtually.

### **How do I access more information about the program?**

For more information about the program, please call the Teva-Teriparatide Patient Care Program at 1-877-445-6984 8am-8pm EST.

### **What if I experience an adverse event?**

Tell your case manager at the Teva-Teriparatide Patient Care Program about any adverse events that you experience.
